

WELCOME

Welcome & thank you for your interest in our annual Irresistible Learning event which we are running again at Ufton Court from Saturday February 25th - Sunday February 26th. Last year was a huge success & this year we are pleased to report that we have an equally amazing line up of workshops & activities for delegates to enjoy & draw inspiration from. We are bringing together a select group of people who are all interested in making learning irresistible for ALL young people. The invited delegates will be made up of Artists, Philosophers, Education Professionals and advocates from the wider learning community. The event will focus on breaking down irresistible learning into four areas: THINKING; MAKING; FEELING & TALKING. We will also be immersing ourselves in Experienceology with presentations from projects that have been running around the U.K over the past twelve months. We will explore the overlap between shared beliefs and practices and we will aim to collide ideas to come up with new solutions. There will be opportunities to present what you have been exploring since the last event, but most importantly there will be time & space to figure things out for yourself! The conference will be run for a maximum of 20 delegates. All of these delegates will be given the opportunity to stay residentially. Some will be required to share & as far as possible we will try to accommodate delegates in their own room.
